

Bullying Survey for Children and Teens

Bullying sucks, and it's way too common. At Mental Health America, we want to put an end to it. We put together this survey so you can help let us know how bullying affects you. The questions with a star have to be answered, but can skip the questions about race and gender if they make you feel uncomfortable.

If you're very young, you can ask a teacher or a parent to help you fill out the answers in this survey. Make sure you're staying safe on the Internet by visiting only trusted sites.
